

This document is made available to help you set up your **Windows 10** laptop.

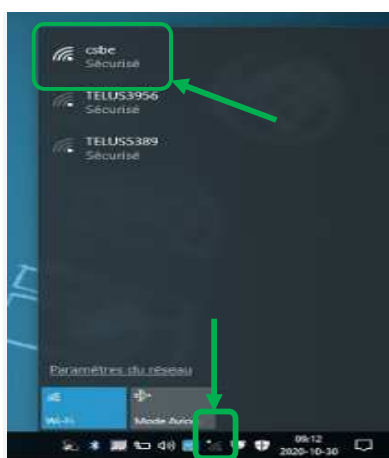

It is not possible to give you a setup procedure for every device. These instructions may not apply exactly to your device, but will serve as a guide.

Possible **Icons** representing Wireless (**Wi-Fi**) Connection:

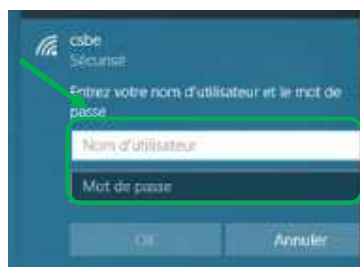

Steps :

1. Click on the **Wi-Fi** icon on the bottom-right of the menu bar to access the wifi menu, and click on « **csbe** ».

2. Enter your **username** and **password**, then click «OK»:

Nom d'utilisateur : your SCOL e-mail (do not type @scol.qc.ca). For example: jbedard33

Mot de passe (password): your student (card) number.

3. Your laptop is connected.

If you have connection problems:

Here is the path:

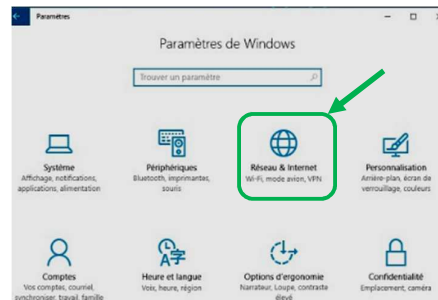

Start /Windows key → settings → Network & Internet → Wi-Fi → Manage known networks → tap on «csbe» → Forget

1. On the keyboard, tap on .

2. Tap on « Settings » .

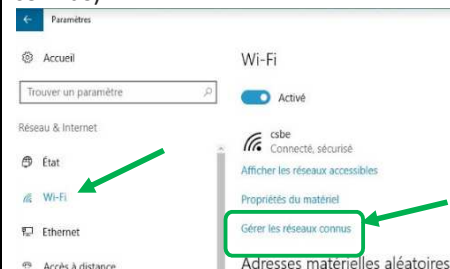

3. Select « Network & Internet ».

4. Select « Wi-Fi ».

5. Then, tap on « **Manage known networks** » (Gérer les réseaux connus).

6. Click on « **csbe** ».

7. Then, click on «Forget» (oublier).

8. Finally, to connect to the school network, repeat the first two steps.

If it still doesn't work:

* If you are still having difficulty connecting to the "csbe" wireless network, try all these steps again after restarting your device.

* If you are still having difficulty connecting to the wireless network "csbe", we invite you to contact the IT Assistance Center (**service in French**), on 418 228 5541, extension 60000, to validate your connection information.
